COMPANY OVERVIEW

EXECUTIVE SUMMARY

AMGroup is a cutting-edge AI company offering innovations that revolutionize industries across the globe. Renowned for pioneering AI technologies and adaptive solutions, we redefine possibilities in the digital landscape through our comprehensive suite of AI- powered services.

Our expertise spans from advanced data analytics and autonomous systems to AI training and international certifications, positioning us as a trusted partner for organizations seeking digital transformation

LEADERSHIP

EXECUTIVE LEADERSHIP TEAM

Chairman
Ashraf Mohamed

Vision & Leadership

As Chairman of AMGroup, Ashraf Mohamed drives the company's strategic vision and global expansion. His leadership has been instrumental in positioning AMGroup as a pioneering force in AI innovation across multiple continents.

Strategic Direction

Under his guidance, AMGroup has established a strong presence in 11 countries, delivering cutting-edge AI solutions and training programs that empower organizations and individuals to harness the power of artificial intelligence.

Vice Chairman
Ahmed Heikal

Operational Excellence

Ahmed Heikal, as Vice Chairman, oversees AMGroup's operational excellence and business development. His expertise in AI technologies and market dynamics has been crucial in driving the company's growth and innovation initiatives.

Innovation Focus

is commitment to continuous innovation ensures that AMGroup stays at the forefront of AI advancements, delivering state-of-the-art solutions that meet the evolving needs of clients across diverse industries.

OUR PURPOSE

OUR MISSION

Mission Statement

Empowering individuals and organizations to accomplish more using AI Technologies

Individual Empowerment

Providing accessible AI education and training programs that enable individuals to develop cutting-edge skills and advance their careers in the digital economy.

Organizational Transformation

Delivering customized AI solutions that streamline operations, enhance decision making, and drive innovation for businesses across all sectors.

Societal Impact

Contributing to national digital transformation goals and building AI capabilities that serve communities and advance technological progress.

FUTURE ASPIRATIONS

OUR VISION

Vision Statement

To assist individuals and businesses throughout the globe fulfill their highest potential

Global Reach

Expanding our presence to serve clients across all continents, bringing AI innovation to emerging and established markets alike. Our goal is to be the trusted AI partner for organizations worldwide.

Potential Realization

Enabling every client to achieve unprecedented success through intelligent automation, data-driven insights, and transformative AI solutions that unlock new possibilities.

Innovation Leadership

Continuously pushing the boundaries of AI technology, developing groundbreaking solutions that set industry standards and shape the future of artificial intelligence applications.

Collaborative Growth

Building lasting partnerships with clients, educational institutions, and industry leaders to create an ecosystem of shared knowledge and mutual success in the AI domain.

The logo for AMG group, featuring the letters 'AMG' in a large, bold, white sans-serif font, followed by the word 'group' in a smaller, lowercase, white sans-serif font. The background is a dark blue gradient with a faint, light blue geometric pattern of lines and dots, suggesting a network or digital theme.

AMGgroup

WHAT WE STAND FOR

CORE VALUES

Innovation

Driving continuous advancement in AI technology through dedicated research and development. We stay at the forefront of innovation, ensuring our clients benefit from the latest AI breakthroughs and cutting-edge solutions.

R&D Investment

Trust

Building reliable partnerships with clients and stakeholders through transparent practices and consistent delivery. Trust is the foundation of every relationship we establish, ensuring long-term collaboration and mutual success.

Transparency First

Equality

Ensuring accessible AI education and solutions for all, regardless of background or location. We believe in democratizing AI technology, making it available to everyone who seeks to learn and grow

Access for All

Honesty

Maintaining transparency in all operations, communications, and business practices. We uphold the highest ethical standards, ensuring that our clients always receive truthful information and realistic expectations

Ethical Standards

Diversity

Embracing global perspectives and inclusive practices across our teams and solutions. We celebrate diversity in thought, culture, and experience, recognizing that it drives creativity and innovation.

Global Perspectives

AMGroup

OPERATING SEGMENTS OVERVIEW

● AI Power Data Analysis

Transforming raw data into actionable insights through advanced analytics, predictive modeling, and visualization tools.

- **Analytics**
- **Predictive**

● AI Chatbots & Virtual Avatar

Enhancing customer experience through intelligent conversational agents and lifelike virtual assistants.

- **Chatbots**
- **Avatars**

● Autonomous Systems

Implementing intelligent automation solutions including industrial robotics and robotic process automation (RPA).

- **Automation**
- **RPA**

● AI Data Management

Providing comprehensive data governance, quality assurance, and intelligent data processing solutions

- **Governance**
- **Quality**

● AI Training & Diploma

Delivering world-class AI education, international certifications, and professional development programs

- **Education**
- **Certification**

Integrated Solutions

Our segments work together seamlessly.

- **Operating Segments: 5**
- **Possibilities: ∞**

OPERATING SEGMENT 01

AI POWER DATA ANALYSIS SERVICES

Transforming Data into Intelligence

Our AI-powered data analytics services help organizations make data-driven decisions, identify patterns, and gain competitive advantages through intelligent insights derived from complex datasets.

We combine advanced machine learning algorithms with domain expertise to deliver actionable intelligence that drives business growth and operational efficiency.

Advanced Analytics

Deep analysis of complex datasets using ML algorithms.

Predictive Modeling

Data Visualization

Forecast trends and outcomes with high accuracy.

Interactive dashboards and intuitive visual reports.

%85

Accuracy Rate

%40

Efficiency Gain

Key Capabilities

Big Data Processing

Handle massive datasets efficiently.

Machine Learning

Self-improving analytical models.

Real-time Analytics

Instant insights from live data streams.

Data Security

Enterprise-grade protection protocols.

OPERATING SEGMENT 02

AI CHATBOTS & VIRTUAL AVATAR SOLUTIONS

Enhancing Customer Experience

Our AI Avatar and chatbot solutions are designed to enhance customer experience through intelligent, personalized interactions that provide 7/24 support, reduce operational costs, and improve customer satisfaction. From virtual personal assistants to sophisticated customer service chatbots, our solutions leverage natural language processing and machine learning to deliver human-like interactions at scale.

Industrial Automation

Smart manufacturing and production line optimization.

Robotic Automation

Physical robots for material handling and assembly.

RPA Solutions

Software bots for repetitive digital tasks.

Automation Benefits

Increased Efficiency

Faster processing and higher throughput.

Error Reduction

Minimize human errors and inconsistencies.

Cost Savings

Reduce operational and labor costs.

Scalability

Easily scale operations without proportional cost increase.

AMGroup

OPERATING SEGMENT 02

AMG UNIQUE SELLING PROPOSITION

Seamless Integration

Our AI solutions integrate seamlessly into existing workflows and systems, minimizing disruption and maximizing efficiency. We ensure smooth transitions that preserve your current investments while adding powerful AI capabilities.

- **Zero-downtime deployment**

Continuous Innovation

Our company is committed to staying at the forefront of AI innovation. Dedicated research and development teams ensure that clients benefit from the latest AI advancements and cutting-edge technologies.

- **Always up-to-date technology**

Customized AI Solutions

We offer tailored AI solutions that precisely meet the unique needs of each client. No one-size-fits-all approach—every solution is designed and developed to address your specific challenges and objectives.

- **Bespoke development approach**

Advanced AI Technology

Our cutting-edge technology and algorithms represent the state-of-the-art in artificial intelligence. We leverage the most advanced machine learning, deep learning, and neural network technologies available.

- **State-of-the-art algorithms**

AMGroup

EDUCATION DIVISION

AI CHATBOTS & VIRTUAL AVATAR SOLUTIONS

Comprehensive AI Education

AMG Academy is our dedicated training division offering comprehensive AI education and professional development programs. We combine theoretical knowledge with hands-on practical experience to prepare learners for real-world AI applications.

Our academy serves as a bridge between academic learning and industry requirements, ensuring that every graduate is equipped with the skills and certifications needed to excel in the AI-driven economy.

Online Learning

Flexible courses for diverse backgrounds and schedules.

Skill Development

Hands-on projects and real-world applications.

Networking

Connect with industry professionals globally

Certifications

Recognized certifications for career advancement.

TRAINING APPROACH

AMG ACADEMY: TRAINING METHODOLOGY

01. Identify Objectives

Identify key objectives and desired outcomes for the curriculum, aligning with industry needs and learner goals.

- **Goal Setting**

02. Design Content

Design course content and structure that aligns with objectives, incorporating the latest AI technologies and methodologies.

- **Curriculum Design**

03. Develop Assessment

Develop assessment methods to measure learner progress effectively, ensuring competency and skill mastery.

- **Progress Tracking**

04. Review & Refine

Review and refine the curriculum based on feedback and results, ensuring continuous improvement and relevance.

- **Continuous Improvement**

TRAINING PROJECT
**GALALA UNIVERSITY
INITIATIVES**

AMGroup

TRAINING PROJECT

NEW CAIRO TECHNOLOGICAL UNIVERSITY

Shaping Careers Through Industry Connection

- AMGroup secured an agreement to oversee the New Cairo Technological University Job Fair in 2025, demonstrating our commitment to bridging the gap between education and industry
- This initiative shapes careers by connecting students with industry opportunities, providing a platform for graduates to showcase their skills and connect with potential employers in the AI and technology sectors.

Job Fair Activities

Company Recruitment

Leading tech companies participation

Interview Sessions

On-site interviews and assessments

Workshops

Resume building and interview skills

Networking

Professional connection opportunities

● Industry Bridge

Connecting academia with employers

● Career Support

Student placement assistance

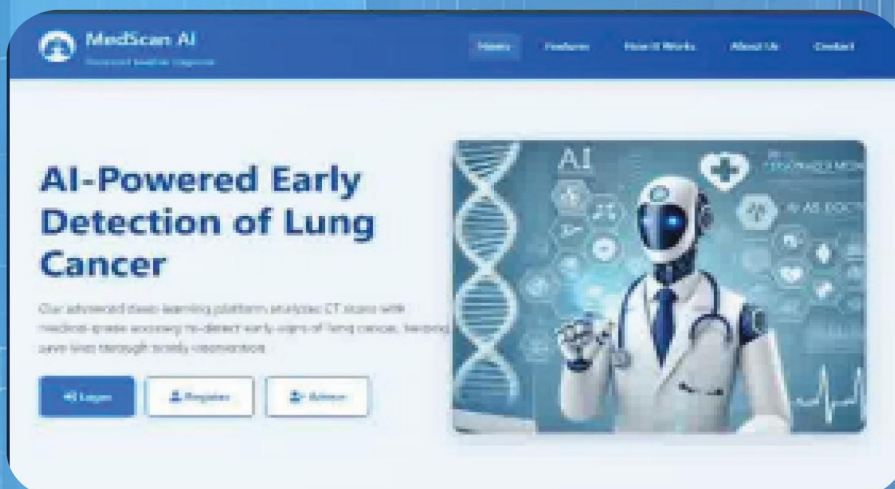

Impact Goals

- Facilitate student-employer connections
- Reduce graduate unemployment
- Promote AI career pathways

AI DEVELOPMENT PROJECTS

Showcase of AMGroup's cutting-edge AI solutions and implementation projects across diverse sectors.

- **Solution Development**
- **Real-World Impact**

AMGroup

FUTURE ASPIRATIONS

ORANGE

EGYPT - SALMA AI AVATAR

AI Smart Avatar for Customer Experience

- AMGroup developed "Salma", an AI Smart Avatar System for Orange Egypt in 2025, revolutionizing customer interactions through intelligent, personalized digital assistance.
- This digital health solution enhances customer experience by providing instant, accurate responses to inquiries, reducing wait times, and delivering consistent service quality across all touchpoints.

7/24 Support

Round-the-clock customer assistance

- Personalized Service

Tailored customer interactions

Solution Features

Natural Conversations

Human-like dialogue capabilities

Multilingual Support

Arabic and English language capabilities

Analytics Dashboard

Real-time performance monitoring

CRM Integration

AMGroup

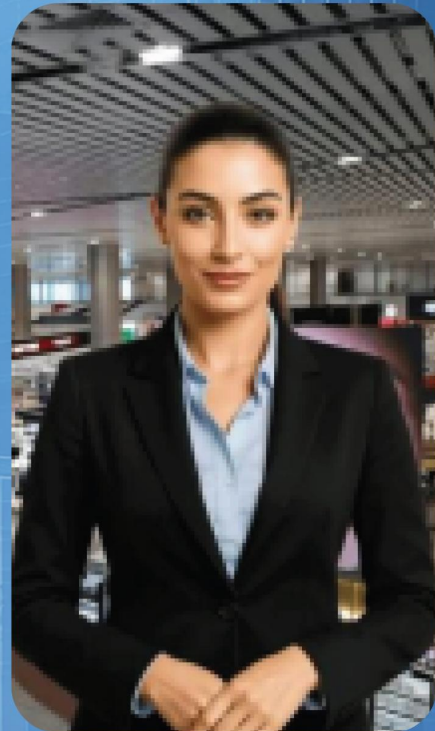

FUTURE ASPIRATIONS

CAIRO INTERNATIONAL AIRPORT – ASK MARYAM

AI Smart Avatar for Airport Services

- AMGroup implemented "ASK Maryam", an AI Smart Avatar at Cairo International Airport in 2025, designed to handle frequently asked questions and streamline the flight booking system.
- This solution improves passenger experience by providing instant, accurate information about flights, services, and airport facilities, reducing congestion at information desks and enhancing overall traveler satisfaction.

Key Capabilities

Real-time Flight Info

Live updates on arrivals and departures

Airport Navigation

Terminal maps and facility locations

Service Information

Dining, shopping, and amenities guide

Security Guidelines

Travel requirements and procedures

FAQ Handling

Instant answers to common queries

Flight Booking

Streamlined reservation system

Passenger Benefits

- %80 Wait Time Reduction
- 7/24 Availability

DEVELOPMENT PROJECT

MINISTRY OF HEALTH EGYPT

Solution 1

AI Smart Avatar

- AI Smart Avatar solution for enhancing customer experience in healthcare settings, providing patients with instant access to information about services, appointments, and medical procedures.
- Appointment scheduling assistance
- Medical service information
- Healthcare guidance and support

Digital Health Transformation

Advancing healthcare through AI innovation.

- 2 AI Solutions
- 2025 Implementation

AMGroup

Solution 2

Cancer Detection Module

AI Early Detection Module for Cancer using CT scan analysis, demonstrating AMGrouP's contribution to digital health transformation and life-saving technology through advanced medical imaging AI.

- Early cancer detection capabilities
- CT scan image analysis
- Diagnostic accuracy enhancement

SUCCESS STORIES

INNOVATING TODAY.
TRANSFORMING TOMORROW.

At AMG Group, every project is more than a solution — it's a partnership built on trust, innovation, and measurable impact.

The following case studies highlight how we leverage [AI](#) and digital technologies to solve real-world challenges across industries, enhance experiences, and drive meaningful transformation.

INNOVATION

We leverage the latest technologies to create smarter solutions.

PARTNERSHIP

We work closely with our clients to achieve shared success.

IMPACT

We deliver measurable results that drive growth and efficiency.

TRUST

We are committed to transparency, quality, and reliability.

These stories reflect our mission in action and the value we bring to every organization we serve.

AI REGISTRATION OFFICER

Al-Azhar University

11th International Arab Impact Factor Conference | May 7–9, 2026

AMG developed an interactive AI-powered Registration Officer to serve as the first digital touchpoint for conference participants, enhancing visitor engagement and streamlining access to event information.

SOLUTION FEATURES
